THE 2014 ILX

Move up.
Without settling down.

The Acura ILX is for those who want more from a compact sedan. Rich in amenities and style, its bold lines and sophisticated technologies make ILX a considerable status update. With five different trim levels to choose from, including the first Acura hybrid system, the ILX fuses exhilarating performance with fuel efficiency. And then some.

PERFORMANCE

The starting blocks of luxury, efficiency and performance.

2.4-LITRE, i-VTEC® 4-CYLINDER ENGINE*

For those who believe their ride should be as exhilarating as it is luxurious, there is the ILX Dynamic. With a 2.4-litre, DOHC, i-VTEC 4-cylinder engine, it gives you a powerful 201 horsepower and 170 lb.-ft. of torque. And with its close-ratio 6-speed manual transmission, sport-inspired thrills are waiting around every corner.

*Available in the ILX Dynamic.

THREE TRANSMISSIONS

The ILX gives you plenty of choice with its three transmissions to choose from. The standard 5-speed automatic transmission is partnered with Sequential SportShift® paddle shifters and Grade Logic Control for solid and efficient performance. If fuel economy is essential for you, the ILX Hybrid comes with a Continuously Variable Transmission (CVT), as well as Sequential SportShift paddle shifters and Grade Logic Control. And for drivers who want to amp up their experience even more, the ILX Dynamic has a close-ratio 6-speed manual transmission.

SEQUENTIAL SPORTSHIFT® PADDLE SHIFTERS

Intuitively placed Sequential SportShift paddle shifters and Grade Logic Control helps ensure that every gear change is fluid and flawless. Shifting will seem effortless as the line between driver and car begins to blur.

CONFIDENCE-INSPIRING HANDLING

If you expect a compact sport sedan to be nimble and sporty, then the ILX is perfect for you. The MacPherson strut front suspension helps enhance your handling and ride comfort, while the Amplitude Reactive Damper is designed to read driver input and road conditions to adjust your drive to suit the surface you're driving on and exactly how you're driving it. Get ready to carve corners with incredible precision.

ADVANCED STEERING

Connecting with the ILX happens as soon as you unleash it on the road. The Motion-Adaptive Electric Power-Assisted Rack-and-Pinion Steering (EPS) lets you enjoy an incredibly responsive ride with exceptional control, precise maneuverability and remarkable handling.

17-INCH WHEELS*

The ILX makes a bold statement. Its striking appearance is accentuated by the 17-inch alloy wheels. The larger wheels don't just give the ILX a heavy dose of street style, they let you handle even more of the road.

*Excluding ILX Hybrid.

HANDLING

Bring on the on-ramps.

TECHNOLOGY

Synchronicity reimagined
and redefined.

HANDS-FREE COMMUNICATION

You'll connect with the ILX and the ILX will keep you connected. Program and link your Bluetooth®-enabled mobile phone to the HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface to seamlessly make and receive calls over the vehicle's audio system. And manage it all with steering wheel-mounted controls.

SMS TEXT MESSAGE FUNCTION†

Standard on all ILX trim levels, the SMS text message function reads incoming texts over the audio system and lets you respond with one of multiple preset replies, with the ease of responding from steering wheel-mounted controls.

†SMS text message function is only compatible with certain devices.

VERY HIGH FIDELITY

This is the sound of luxury. The available 10 speaker Acura/ELS Surround® 365-watt Premium Audio System* with AM/FM/CD/SiriusXM,™ DVD-Audio and Dolby® Pro Logic™ II makes every drive an incredible sounding one. And with the hard disk drive (HDD) media storage and USB connector, you're always driving to your own beat.

**Available with the Technology package, ILX Dynamic and ILX Hybrid.*

ACURA NAVIGATION SYSTEM WITH VOICE RECOGNITION™*

Long drives are a given with the ILX – but getting lost isn't. The available satellite-linked navigation system can pinpoint your location almost anywhere in North America or access its onboard search directory. The system is equipped with bilingual voice recognition software and offers real-time directions by either voice or moving-map display. Just ask and the system can show you the most direct route to your destination or, with the Zagat Survey® ratings, help you find a restaurant based on the type of cuisine you're craving.

**Available with the Technology package, ILX Dynamic and ILX Hybrid.*

SMART ENTRY WITH PUSHBUTTON START

Technology that makes things easier, not complicated. That's Acura. And that's smart entry with pushbutton start. You can unlock the vehicle and start it without even having to take your key fob out of your pocket.

MULTI-ANGLE REARVIEW CAMERA* WITH GUIDELINES

Acura has your back with the standard multi-angle rearview camera with guidelines. An image appears in the 5-inch colour information display or the navigation system display with the ILX Technology and ILX Dynamic and Hybrid Packages, providing you with a clear view from behind your vehicle. Even if the navigation system is turned off, the camera is activated automatically when you engage reverse.

**Does not replace the driver's responsibility to exercise due care while driving.*

LEATHER-WRAPPED STEERING WHEEL AND SHIFT KNOB

If luxury is in the details, then the ILX has it in spades. Standard on every ILX trim level are the leather-wrapped steering wheel and shift knob. Yet another luxurious touch ensuring the ILX is refined and sophisticated.

ONE-TOUCH POWER MOONROOF

Convenient, easy to use and a nice little touch of luxury. At the simple push of a button, the one-touch power moonroof will fully open or close. The tilt feature allows for controlled ventilation and the sliding shade lets you adjust the amount of light you want.

VERSATILITY

You are the centre
of attention.

INTERIOR

Your comfort zone.

LUXURIOUS SEATING

Settle into luxury. The available tightly bolstered seating with sophisticated perforated leather trim is engineered to keep you comfortable. What's more, drivers benefit from an 8-way power-adjustable seat.* And both driver and front passenger enjoy heated seats.

*Available with the Premium and Technology packages, ILX Dynamic and ILX Hybrid.

ONE-TOUCH DIRECTIONAL SIGNALS

Convenient and intuitive, one-touch directional signals help you stay focused on driving. With a single touch, the indicator will blink a set number of times. Perfect for highway lane changes, they help make your driving experience that much smoother.

HYBRID

Efficiency meets luxury.
They embrace.

ILX HYBRID

The ILX Hybrid is the first hybrid from Acura. Built on a 1.5-litre, i-VTEC® 4-cylinder engine with Integrated Electric Motor, it is designed to help you make less of an impact on the environment while also spending less time at the gas pumps. Its Continuously Variable Transmission (CVT) with Sequential SportShift® paddle shifters, ECON mode and rear spoiler all work together to help the ILX Hybrid achieve outstanding fuel efficiency.

ECON MODE

ECON mode, available exclusively in the ILX Hybrid, is a simple and easy way to help maximize your fuel consumption. When pressing the ECON button, the ILX will automatically adjust the engine and other functions to go into high-efficiency mode.

SAFETY

Safety Through Innovation.

At Acura, Safety Through Innovation is based on the idea that an advanced driving experience starts with advanced safety features. This guiding principle is reinforced through the extensive number of standard safety features and use of innovative technologies you'll find in all Acura vehicles.

HIGH-INTENSITY DISCHARGE (HID) HEADLIGHTS

See and be seen. Producing an intensely brilliant beam of focused light, standard HID headlights enhance your ability to identify what's ahead. And they'll not only light up the road, their striking appearance will also turn heads.

HILL START ASSIST

Like every Acura vehicle, the ILX benefits from a wide range of advanced safety features, including Hill Start Assist, which helps to prevent the vehicle from rolling backwards when on an incline. If you switch from the brake pedal to the accelerator while stopped on a hill, the system is designed to activate and halt the vehicle.

VEHICLE STABILITY ASSIST (VSA®)

VSA with Traction Control automatically detects and corrects understeer or oversteer situations, sometimes before you're aware there's a problem. The system is designed to intuitively analyze conditions and reduce throttle and/or apply braking to individual wheels. Should a loss of traction occur on a slippery surface, Traction Control will help ensure you get underway safely.

ACE™ BODY STRUCTURE

The Advanced Compatibility Engineering™ (ACE) body structure utilizes a high-tensile, high-efficiency steel body structure to provide enhanced protection from a multi-directional collision. ACE reduces the force of a frontal impact by absorbing energy over a large area and dispersing it away from you and other occupants of the cabin. ACE is also designed to help reduce occupant injuries caused by misalignment in collisions between vehicles of different sizes.

ANTI-LOCK BRAKES

The 4-wheel Anti-lock Braking System (ABS) helps you maintain steering control when braking hard on wet, slippery or loose surfaces, while Electronic Brake-force Distribution (EBD) and Brake Assist is designed to balance braking forces at each wheel to help compensate for cargo and passenger weight distribution inside the cabin.

AIRBAGS

Significant level of safety is achieved with multiple airbags designed to protect all occupants inside the cabin. Depending on the point and force of impact, the ILX will deploy dual-stage, multiple-threshold front airbags (SRS) that activate at one of two rates depending on the severity of the impact; front side airbags with the innovative passenger-side Occupant Position Detection System (OPDS) that will not release if the system detects a child or small-sized passenger; and side curtain airbags with a state-of-the-art rollover sensor.

ILX

Specifications

ENGINE	
Engine	2.0-litre, SOHC, i-VTEC® 4-cylinder
Horsepower	150 hp @ 6500 rpm
Torque	140 lb.-ft. @ 4300 rpm
Displacement	1997 cc
Bore and stroke	81 x 97 mm
Compression ratio	10.6:1
Emissions	Tier 2 Bin 5
Multi-Point Programmed Fuel Injection system (PGM-FI®)	
Recommended fuel	Premium unleaded
Horsepower & Torque (SAE net Rev. 08/04, SAE J1349)

At Acura, when innovation and performance meet purpose, remarkable things can be achieved. Through our commitment and continued involvement with events and organizations across Canada, we seek to create engaging and inspiring experiences for our customers and our community. Because at Acura we believe exhilaration goes beyond the driver's seat.

HOTELS

Acura has teamed up with W Hotels – a global luxury chain – to provide a fully loaded partnership that offers guests complimentary transportation in an Acura vehicle. The Whatever/ Whenever® service gets guests where they need to go in advanced luxury and style.

PRESENTING SPONSOR
CANADIAN BROADCAST

Acura is honoured to be the Canadian broadcast sponsor of golf's most historic and time-honoured tournament. The Masters is golf's first major open of the season and is famous for its ceremonial "Green Jacket" winner's presentation.

Driving a luxury vehicle should go beyond engineering and amenities. That's why Acura is committed to ensuring your ownership experience is equally luxurious. New Acura owners benefit from four-year 24-hour Roadside Assistance, which includes Dispatch Emergency Roadside Service, Emergency Lockout Service and Traffic Accident Services. See your Acura Retailer for details.

WARRANTY

Your new Acura vehicle comes with the following warranties: Major Component – 5-year/100,000-km limited warranty • Vehicle – 4-year/80,000-km Distributor's limited warranty • Rust Perforation – 5-year unlimited-distance warranty • Surface Corrosion – 4-year/80,000-km • Accessories – 4-year/80,000-km limited warranty (when installed by an authorized Acura Retailer at time of new vehicle delivery).

Regular maintenance items and parts are subject to normal wear and replacement, and are not covered by warranty. Certain other items are excluded and certain conditions apply. See your Acura Retailer for details.

ACURA PLUS

Extend your worry-free ownership experience by purchasing additional coverage. Choose from Acura's flexible selection of Mechanical Coverage that extends up to 8 years or 200,000 km, whichever comes first. See your Acura Retailer for details.

LEASING AND FINANCING

Owning your Acura is easy. See your Acura Retailer for complete details on Conventional Financing.*

**A genuine service of Acura Financial Services. Conditions, restrictions and prepayment requirements might apply O.A.C.*
